

Elite Global Inspection & Material Supply

- Electrical product supply
- Inspection services
- Technical resources
- Training

Our Vision

To be an expert service provider in the field of

- 🔥 Third Party Inspection
- 🔥 Expediting & Training
- 🔥 Enabling industries & businesses to achieve the highest performance
- 🔥 Assuring excellence in quality, ethics, integrity, health, safety & environment with social consciousness & commitment to the delivery of their products and our services.

Our Team

- 💧 **We have a strong team** of qualified professionals
- 💧 Cumulative experience of more than 100 years in this Industry
- 💧 Focusing on fast-growing Testing and inspection professional supply and consulting enterprises
- 💧 Offices in **Oman, Singapore, Japan, and India**

Organization chart

Our Services

- 💧 Third Party Inspection Services
- 💧 Third Party Inspection (Mechanical) / NDT Inspection
- 💧 E&I Construction & Installation
- 💧 E&I Commissioning and Pre-Commissioning
- 💧 Industrial Drives, PCB Servicing
- 💧 Fire Alarm System Installation & Commissioning

Our Suite of E&I Services

- Electrical and instrumentation works
- Hazardous area installation
- Assembly of modular unit skids
- Cable ladder installation
- LV control, instrument E&I communication cabling and terminations
- LV /HV Cable laying and Terminations
- Control Panels Internal wiring and installation

Our Suite of E&I Services

- 🔹 Inspection and audits
- 🔹 ATEX & IECEx inspection in hazardous areas (offshore & onshore)
- 🔹 FAT inspection
- 🔹 Incoming warehouse material inspection
- 🔹 Mechanical inspection

Elite Focus Area

- Oil & gas industry
- Marine (Offshore & Onshore)
- Petrochemical
- Gas process area
- Jack up drill rig & land rig
- Semi submersible rig
- FPSO
- Gar turbine power plant
- Commercial environment

Our Daily Inspection

More than 80 Inspection in the following fields:

-  Mechanical
-  Welding
-  Electrical & Instrumentation
-  Coating
-  Piping Inspector
-  Civil construction

Hazardous Area Inspection Services

Ensures every piece of equipment installed is suitable for its intended use, with recommended practice, codes, directives, regulations, and international standards

Our compliance services help to prevent catastrophic events

- 🔥 Such as fire or explosions
- 🔥 Damage to plant & machinery and/or owners' reputation
- 🔥 We do this by eliminating or reducing the likelihood of an ignition source occurring.

Whether it is an onshore or offshore facility where hazardous substances are present in daily operations

Hazardous Area Inspection Services

Where employees' safety and assets protection are a priority and non-compliance is not an option – This is where we come in!

Hazardous area inspections in the three recognized grades

- Visual Grade
- Close Grade
- Detailed Inspection

Other Services

- We are also providing NDT and advanced NDT Services. Oil & Gas and Marine (offshore & onshore)
- Quality service and delivering reports on time to the utmost satisfaction of the customers.

Artificial Intelligence Surveillance robot with Inspection Management Software

- Can be used in Confined spaces, Oil tanks, Hazardous Areas, and the mining industry.
- Train robots and improve accuracy.
- Artificial intelligence teaches functions like spatial relations, grasping objects, computer vision, motion control, etc..

Our Competency Training Course & Placements For E&I and Mechanical

European/ATEX Directives

International Standards by "International Electro technical Commission" (IEC) & ISO

Working In Red Zone Area

Remote Inspection

Another unique benefit of our Inspection capability is our remote and digital options.

Remote inspections: verification digitally that compliance is met when attendance is not possible

 ELITE

An aerial view of a large offshore oil rig in the middle of the ocean. The rig is a complex of steel structures, including several tall derrick towers. A red and white supply vessel is docked at the rig's platform. The water is a deep blue, and the sky is clear. The image is framed by a dark blue and green graphic element on the left side.

Specialist in Marine & Offshore Electrical Supplies

- Marine, Offshore, Industrial Cables
- Cable accessories
- Marine and Offshore Lightings
- LED Lightings & Ex Lightings
- E&I junction Box and PD & MCC Panels
- Switchboard Controls & Automation etc.
- Cable Glands and Accessories
- ATEX & IECEx certified E&I Equipment's
- Battery Chargers and Accessories

Elite Training Division

Our training division is shouldered by a team of personnel with rich industrial experience, relevant qualifications and approvals.

We specialise in Oil & Gas industry (Onshore/ Offshore) training.

Our training portfolios are specially focusing on;
Competency based internationally recognised training and certification for the personnel working in potentially explosive atmospheres, where flammable materials are present.

- 💧 **CompEx** certification for E&I personnel as per IEC 60079 – 14 & 17
- 💧 **IECEX** CoPC certification as per IECEx OD 504
- 💧 **EEHA** as per AS/NZS 60079 – 14 & 17

Benefits

Understanding the

- 💧 safety aspects essentially required for working in potentially explosive atmospheres.
- 💧 Hazards and dangers associated with high voltage

Improving the

- 💧 Workplace health & safety
- 💧 Availability of equipment
- 💧 Asset integrity
- 💧 Product quality
- 💧 Business continuity
- 💧 Confidence of clients and society

Reduction in accidents, fire, explosion, ill health and Protection of environment

Other Courses Offered

- 💧 Explosive Atmosphere Awareness Course
- 💧 Explosion Protected Motors Course
- 💧 Marine High Voltage Safety Course
- 💧 Basic knowledge training for Electricians
- 💧 Customised trainings to suit client needs

Assessments

Assessment for personnel participating in our trainings are conducted to reflect the learning outcomes and as per ISO 17024.
