## Statement of Purpose

Candidate needs to submit “A Statement of Research” with committed outline and objectives of the research planned. It gives the applicant the opportunity to share the expertise or familiarity in the field of interest to the University for the particular course. Below are the guidelines on what should be included:-

- The Statement of Purpose should be the applicants own work, conveying their own views and should not contain text copied from the GCU/CCE website or elsewhere.
- It should be clearly structured and well-written, but does not need to be overly long. Around one side of A4 should generally suffice.
- The applicants motivation for wishing to undertake this specific programme of study
- What interests the applicants has about the chosen programmer’s content, and what makes it the most suitable one for them to undertake.
- Was there a particular factor in their choice of institution, such as the local area, the reputation of the Programme Team, placement opportunities, or similar etc.
- Applicants background, in relation to previous studies, employment or work experience, and why this programme represents an appropriate progression from what they have done before.
- The applicants plan upon graduation and how this programme will help them realistically achieve your goals and objectives
